INWCF names Sanchez as director of Community Engagement

Inland Northwest Community Foundation announced the promotion of Molly Sanchez to director of Community Engagement.

This position will be responsible for coordinating the foundation's ongoing grant programs as well as strategic grantmaking initiatives that engage community leaders and funders in improving the lives of people in Eastern Washington and North Idaho.

"As INWCF advances our strategic plans for collective impact and catalytic philanthropy, we have restructured our Grants Department to create this new position," said Mark Hurtubise, president and CEO of INWCF. "Molly's background in media, communications and grant programming, paired with her critical thinking skills and outgoing personality, make her a perfect fit for this position."

Molly joined the foundation in 2008 as grants program officer.
